PROFILE

Dynamic and results-oriented Full Stack Web Developer with over 4 years of professional experience in building responsive, high-performance web applications. Proficient in modern development tools and technologies, delivering scalable and secure solutions. Adept at problem-solving, team collaboration, and delivering projects within tight deadlines.

PROFESSIONAL PROJECTS

E-commerce Platform 2020 - 2021
Simplifies Online Shopping.

- Developed a fully scalable e-commerce platform catering to high-traffic businesses.
- Optimized performance to handle 1 million monthly visitors, reducing load times by 50%.
- Delivered secure payment integrations, advanced product filtering, and responsive design, leading to a 25% increase in client sales.

Enterprise Project Management System 2021 - 2022
Simplifies task management.

- Built a Kanban-style project management tool for mid-to-large-scale enterprises.
- Increased team productivity by 30% with real-time updates and task automation.

Custom Social Media Platform 2023 - 2024
Connects people effortlessly.

- Designed and developed a high-performance social networking app for a startup.
- Created advanced features like real-time chat, AI-driven friend recommendations, and multimedia sharing, positioning the app as a market competitor.
